

RAIL INDUSTRIES CANADA

DEDICATED TO LOCOMOTIVE SPARE PARTS
AND MAINTENANCE

www.rail-canada.com

ABOUT

FOUNDED IN MONTREAL IN 1993, RAIL INDUSTRIES CANADA HAS BECOME A RENOWNED LOCOMOTIVE PARTS SUPPLIER EXPANDING OVERSEAS TO REACH A KEY POSITION IN SEVERAL LOCOMOTIVE PARTS MARKETS IN AFRICA AND THE MIDDLE EAST.

SERVICES

ROLLING STOCK FLEET MAINTENANCE

RIC can handle the maintenance of a fleet of locomotives while guaranteeing the customer a high contractual availability factor.

- Annual contract: four visits in accordance with FRA & AAR in Canada and abroad.
- The services provided by RIC enable railway networks to obtain optimum locomotive fleet operational capacity.
- RIC works through long-term partnerships with its customers and makes a responsibility commitment regarding the standard of its maintenance.
- This guarantees that customers maintain their investment in locomotives in perfect working order and benefit from the optimum operational availability of their equipment inventory.

PRODUCTS

ENGINE PARTS

Governors, Fuel injectors and fuel pumps, Power Assemblies, Cylinder heads, Crankshafts, Camshafts, Air intakes, Turbo chargers, Rectifiers / Inverters

ELECTRICAL PARTS

Main alternators, Auxiliary Generators, Traction motors, Carbon brushes, Brush holders, Switches, Modules, Grid Resistors, Connectors, Breathers, Converters, Batteries

TRUCK PARTS

Wheels, Axles, Roller Bearings, Gear cases, Spring, Dampers, Gears, Traction Motors, Traction Motor Bearings

BRAKING SYSTEM

Air compressors, Automatic brakes, Angle cocks, Brake hoses, Brake cylinders, Brake pads, Brake shoes, Piping, Air Dryers, Emergency valves, Brake valves, Auxiliary reservoirs, Brake beams (brake triangles), Slack adjusters

MECHANICAL & ACCESSORIES

Drive shafts, Gear boxes, Radiators, Air conditioning systems, Cabin accessories, Cooling fans, Sanding Systems, Nuts and bolts, Seals, Oil Pumps, Oil coolers, Water pumps, Modules, Rings, Manifolds, Event recorders, Speed indicators, Horns, Bells, Wick lubricators

CONSUMABLES

Filters, Fuses, Switches, Diodes, Gaskets, Lamps, Lamp holders, Gauges, Glass panels, Wipers

RAIL CAR PARTS

Couplers, Springs, Brake beams, Roller Bearings, Wagon wheels, Dampers, Brake pads, Taper Bearings, Solutions for container loading/unloading

WORKSHOP EQUIPMENT FOR TRANSIT NETWORKS

Underfloor Wheel lathes, Wheel presses, Bearing extractors, Train washing machines, Spring/suspension test benches, Traction motor test benches, Motor part washing cabins, Overhead access platforms, Secure overhead access platforms, Road-rail vehicles, Lifting jacks, Truck (Bogie) lifting hoists for maintenance, Brake system test benches, Sanding stations, WC vacuuming systems for passenger trains, Turntables, Cranes, Rail grinding vehicles
